Branding Strategy

Target audience

- Consumers aged 25-40
- Brand positioning: It is a high-end beauty brand in China
- The price is similar to Lancome, Estee Lauder etc.

SWOT

1.Mao Geping's personal image empowers the brand

2.High brand awareness

1.R&D investment accounts for a small proportion of investment, and the products have OEM lines.

2.Online marketing channels are just starting

3.The market reflects that the use of products has a threshold, and makeup is difficult to reach the level of masters

S W

O T

1.There is a gap in the market for high-end beauty brands in China
2.Ready to floate on the stock market,there will be more abundant funds for product research and development, publicity

1.Huaxizi, blank me and other brands are also taking the line of high-end makeup in China

2.Since the beginning of 2022, domestic cosmetics have been in a downturn. In the recent rolling year (Taobao Tmall) sales fell 7% year-on-year

In the context of the declining makeup market, domestic head brands have performed poorly, with sales of 2 billion yuan in a rolling year, down nearly 40%

Operation Plans 2

Invite them to shoot a promotional video for the brand

Known as the ceiling of Tiktok advertisement

Features: Chinese beauty color style, shooting color Chinese classical, very **distinctive**, creative and **touching** people

The reason for the choice, the content is excellent and unique, and the market response is very good. There have been successful cases of makeup.

Operation Plans 2

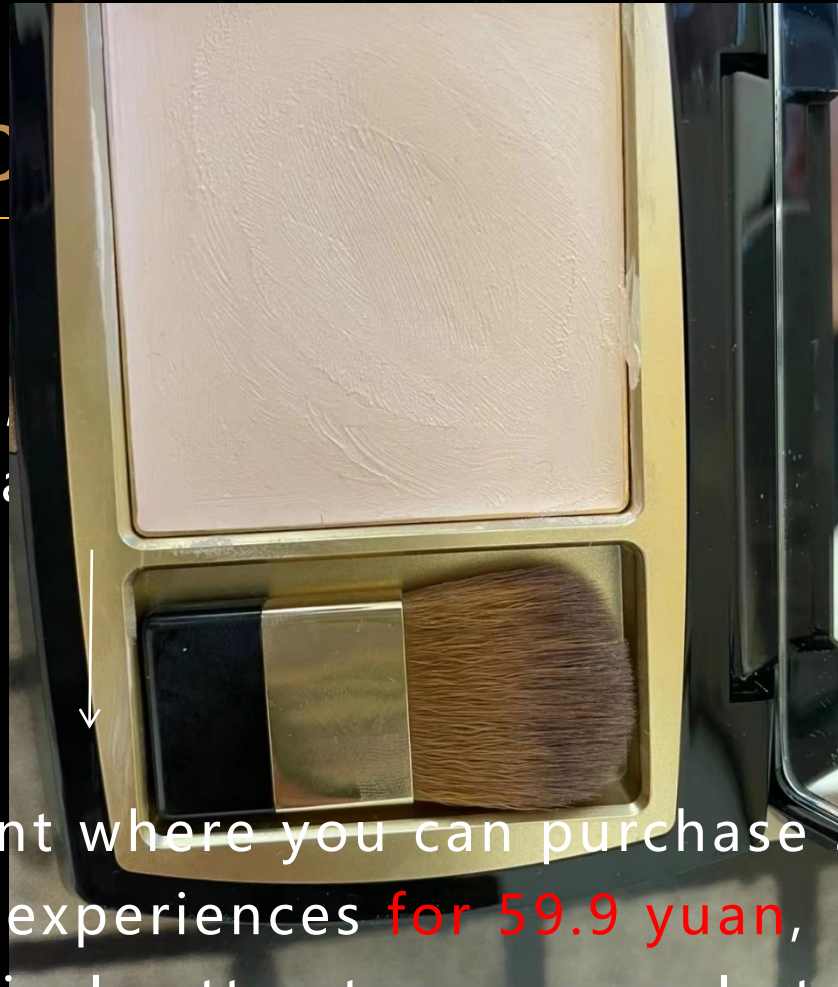

- To restate brand content and promote new products
- Format: Shoot promotional videos
- Platform: Weibo, Tiktok, Bilibili
- Theme: This blogger's promotional video focuses on the awakening of **women's images and awareness**, so the theme can be set as wing cushion to bring better confidence to women

Acquisition

Direct targeting
price is too high
with smaller cap

Organize an event where you can purchase 3
types of sample experiences **for 59.9 yuan**,
which can effectively
try Maogeping's
